among the eight midwives in the service of the council and is very popular and efficient. Her services are requisitioned by a good number of the rate-payers in the town and the public will be much benefited by her retention in service. I request therefore that Government may be pleased to accord approval to her retention in service as required by clause 2 (b) of rule 13 of the rules issued in G. O. Through the Surgeon-General with the Government of Madras.

Sir,

With reference to Government Memorandum No. 9964-1-D.2-P.H., dated 16th March, 1933, I have the honour to enclose herewith extracts from a report of the Municipal Health Officer, Mangalore, on the work and conduct of midwife Yohanna Thimothy for information of Government. In the circumstances mentioned by the Health Officer and in view of the fact that the midwife has already completed nearly three months out of the period of 6 months extension asked for, the request of the Chairman for the retention of the

the midwife till 10-7-33 meets with my support.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut.- Col., I.M.S.,
Offg. Director of Public Health, Madras.

Extracts from letter No.HCR.1857/1932-33 dated 29th March, 1933, from the Municipal Health Officer, Mangalore, to the Director of public Health, Madras.

"Midwife Yohanna Thimothy is the most capable of the midwives now in service and she is one of the only two midwives registered. She was trained in Madras. She takes an interest in her work and is very popular and her services are requisitioned constantly from the well to do Bunts. Her character is good and she is well behaved.

Physically she is rather flabby but this does not deter her from work, as, often the parties send her carriage and as no confinement takes place in the upstair room, no difficulty is felt."
